

# Multiforce Shampoo

Shampoo for daily use, designed to cope with the typical male hair and scalp defects, like dandruff and thinning hair.

Contains ingredients like teatree oil, Piroctone Olamine and extracts of stinging nettle, which calm the production of tallow and cure and prevent dandruff. Ginseng stimulates the blood transport to the hairroot, which prevents hairloss. Use in combination with Icy Lotion.

## Icy Lotion

Cleansing hair lotion for daily use with preventive action.

Contains Piroctone Olamine, which slows down dandruff.

Extracts of ginseng stimulate the blood transport to the hairroot.

Menthol refreshes and guarantees a vital daybreak.

Apply the lotion and gently massage into the scalp.

# Silver Shampoo

Shampoo with blue colour pigments, that neutralizes the yellow shine in natural white hair.

Massage gently into the wet hair and let it process for a few minutes. Rinse well afterwards.

The hair becomes shiny white. For weekly use.

# Shower Gel

This refreshing shower gel, gently cleanses your skin without drying it out.

With the wonderful smell of “For Men” it is pleasant to wake up.

The shower gel contains specific ingredients such as panthenol and glycerin, which are suitable for sensitive skin.

# Power Styler

Power Styler gives a maximum hold to the hair.  
This classic modelling gel contains glycerin and keeps the hair in the desired model all day long.  
Power styler is a fast-drying gel with a matt finish.

# Control Clay

Control Clay is a pomade based on natural clay and is the ultimate product for a strong fixation with a natural matt look.  
Panthenol ensures that the hair can be remodeled throughout the day.  
Rub the desired amount in the palms of your hand and apply on dry hair.

## Nourishing Shaving Cream

Nourishing shaving cream, for quick shaving. Allantoin and glycerin protect and hydrate the skin. Aloë Vera and menthol provide a relaxing and cooling effect.

Wet the face and apply a thin layer with hand or shaving brush.
